**Reducing Red Tape**

Fed up with regulation?

The Government is cutting red tape across the private, public and voluntary sectors so that businesses can be more productive.

If you would like an opportunity to have your say, you can now submit suggestions to Government about how a regulation could be simplified or where red tape and bureaucracy can be removed or reduced.

Just follow this link <http://simplification.betterregulation.gov.uk/> it will only take a few minutes of your time but your idea could make a big difference.

Please check out <http://www.wealdenbusinesshelp.org.uk/> for guidance and advice from Wealden District Council. There's a wealth of local information and links to many organisations that can also help you.
