The NHS have produced a booklet which explains, in simple terms, how businesses can help reduce the spread of flu. It provides information to allow businesses to consider the types of measures that may be used in their particular business, and gives advice on the use of face masks. The booklet can be downloaded from www.wealdenbusinesshelp.org.uk More detailed information can be found on the Health and Safety Executive website www.hse.gov.uk/biosafety/diseases/pandflu.htm
